

Resources for Providers and Health Systems

- To explore new antiracism training options
 - [Sign up](#) for CREATE Study updates and opportunities
 - National Birth Equity Collaborative's [organizational equity assessment and training series](#)
 - Explore other CDC-recommended resources [here](#)
- To work on yourself:
 - [Cycle of Respectful Care: A qualitative approach to the Creation of an Actionable Framework to Address Maternal Outcome Disparities](#)
 - Applied skills: [The Presence 5 for Racial Justice Framework for anti-racist communication with Black patients](#)
- To be accountable to your patients:
 - Tell your patients that you've taken SB464's implicit bias training.
 - Share resources with them that help them to advocate (e.g., [Antiracist Prenatal and Postnatal Care Preferences](#))
 - Take the [SpeakUp pledge](#)
- Sign up for MEND emails, including resources, publications, and opportunities to consult with the MEND team on your facility's antibias/antiracism work [here](#)
